REPUBLICAN State Convention.

OFFICE OF
REPUBLICAN STATE CENTRAL COMMITTEE,
VIRGINIA CITY, NEV., May 20, 1890.

At a meeting of the Republican State Central
Committee of Nevada, held this day, it was ordered
that a

Republican State Convention

—BE HELD AT—
VIRGINIA CITY,

—ON—
Thursday, Sept. 4, 1890

At 2 o'clock P. M., for the purpose of nominating
a full State Ticket, viz

Member of Congress,
Governor,
Lieutenant Governor,
Judge of the Supreme Court,
Clerk of the Supreme Court,
Secretary of State,
State Controller,
State Treasurer,
Surveyor General,
State Printer,
Superintendent of Public Instruction,
Four Judges of the District Court,
Two Members of Board of Regents of
State University.

Also for the appointment of a
State Central Committee.

The basis of representation of the respective
counties in the said Convention shall be one dele-
gate for each 50 votes, and one for each fraction of
25 votes or over cast for the Harrison and Morton
Electors, aggregating 140 delegates, apportioned as
follows

Total 140

The several Republican County Central Commit-
tees will call a

Primary Election

—Of the People on—
SATURDAY, AUGUST 16, 1890,

For the purpose of electing delegates to the said
State Convention the Primary Election to be car-
ried out in compliance with the laws of the State
and the instructions of this Committee.

The following list will be required of each and
every voter at the said Primary Election
"I am a citizen of this State and will support the
nominees of the Republican party"

The following resolutions were unanim-
ously adopted

Resolved That this committee reaffirms the State
and National Republican platform of 1888, includ-
ing the declaration that "the Republican party is
in favor of the use of both gold and silver as
money" and that it "condemns all efforts to de-
monetize silver"

Resolved That the persistent neglect of Secretary
Windom to increase the coinage of silver to the
maximum of four million dollars per month,
coupled with his attempt to influence Congress
ional legislation so as to perpetuate silver demon-
etization, is a shameless violation of the silver
platform of the National Republican platform, an at-
tack upon the rights and interests of the miners,
farmers and workers of the land, and an act of
party perjury that should call for his retirement
from the councils of an Administration which is
pledged to help and not to hinder the demonetiza-
tion of silver

Resolved That the Republican party of this State
is in favor of free and unlimited coinage of both
gold and silver, that it holds to this principle as a
tenet of party faith and a test of party allegian-
ce, and that it will permit of no abandonment or modifi-
cation of this doctrine, that let whosoever will prove
recrudescent to the principle of bimetallicism it will re-
main steadfast thereto and that it invites all
voters in Nevada who favor the repeal of the in-
famous interminable law of 1873 by which silver
was demonetized, and who desire the establish-
ment of free and unlimited coinage as the law of
the United States of America, to join in electing
delegates to a Republican State Convention,

THE UNION BUILDING AND LOAN ASSOCIATION.

Of the many forms of capitalization in the interest of all who have small incomes, none are more profitable of good results than Building and Loan Associations.

In many localities in this country they are organizations of long standing, and experience has proven them to be literally the poor man's friend, and caused him to realize that there is no place like home by putting him in a position to own one by setting apart a pitance weekly or monthly from his income in a manner to earn money and from the accumulation of these savings to pay for the shelter which otherwise he never have called his own.

But few of our readers are advised of the fact that for more than a year past Reno has had such an institution, which was brought into existence to serve the interest of her citizens by a few who conceived the idea that it was wise to let foreign associations come here, gather the thousands and thousands of dollars to enrich other localities and deplete this, and they founded the Union Building and Loan Association of Reno, Nevada.

Until recently the stock taken was limited to comparatively a few, but enough has been done to demonstrate to any and all the wisdom of patronizing the home association.

Now, over \$500 are paid into the treasury monthly which is loaned to the membership at a comparatively low rate of interest, secured by mortgage, which can be paid off in monthly installments, on which interest will be paid.

Those who do not desire homes will find that by subscribing to the stock of this home enterprise, they can accumulate the nucleus which may lead to a fortune.

There are but few persons who do not spend from one to ten dollars a month that can be counted as lost. If this amount was put to work each month with the income, under management like that of the association, it would so increase in a few years as to enable the party to branch out in some calling that would help not only himself but all with whom he might be associated. We take it upon ourselves to ask all, wage earners in Reno more especially, to look into the advantages to be derived from investing periodically a part of the fruits of their labor in a place where it will be safe, where it will bring legitimate returns, where in time they will find that they have in store that which will give them a financial footing.

This concern is one of the best of saving banks, hedged with all the safeguards that are necessary to protect the stockholders, each of whom have a voice in its control and is entitled to the recognition and patronage of the old and young, as well as the rich and poor.

California Preparing for Her World's Fair Exhibit.

Special to the Journal.

SAN FRANCISCO, May 27.—A meeting of the representatives of the various State and county organizations was held at the rooms of the Chamber of Commerce to-day to make preliminary arrangements for California's exhibit at the World's Fair. Mayor Ford presided. The matter of calling a State Convention to consider the subject definitely was left with a committee with instructions to report at another meeting, which will be held next week.

An Equal Rights Convention.

Special to the Journal.

BOSTON, May 27.—A State Convention of the Massachusetts branch of the American Citizens' Equal Rights Association, recently formed at Washington, is being held in the North Russell street church. The Chairman pointed out to every colored man the imperative necessity of participating in public concerns, and urged upon those of the colored race born in the Canadas or elsewhere to take more interest in the affairs of the State and nation by becoming naturalized citizens.

An Insolvent Debtor.

Special to the Journal.

SAN FRANCISCO, May 27.—John MacKenzie, who, from November, 1882, to December, 1886, did business in this city as a stockbroker, was finally obliged to succumb, to-day petitioned the Superior Court to be declared an insolvent debtor. The amount of his liabilities were \$377,669 but MacKenzie states that the creditors have received a dividend of 13 1/2 cents on the dollar and that the receiver of the estate is still discharging that trust.

SECRETARY BLAINE WRITES A LETTER ON THE INTERNATIONAL BANK SCHEME.

Floods in California and Wheat Crops Being Destroyed—A Woman Outraged by a Tramp.

International Banks

Special to the Journal.

WASHINGTON, May 27.—The President to-day transmitted to Congress a letter from the Secretary of State enclosing the report of the International American Conference on the International Bank scheme.

In the letter the President says it is not proposed to involve the United States in any financial responsibility, but only to give to the proposed bank a corporate franchise and promote public confidence, by requiring that its condition and transactions be submitted to a scrutiny similar to that exercised over our domestic banking system.

In the letter to the President Secretary Blaine sets forth the advantages to be derived from an international banking project and says, in part: "Merchants of this country are as dependent upon the banks of Europe in their financial transactions with their American neighbors, as they are upon the shipowners of Great Britain for transportation facilities, and will continue to labor under those embarrassments until banking systems are established. The report of the committee of the Pan-American Conference presents a simple and easy method of relief and the enactment of the measure recommended will, in the judgment of the Conference, result in the establishment of proper facilities for inter-American banking."

The principal offices of the bank shall be located in Washington or New York, with power to open branch offices in the United States, Mexico, South and Central America. The capital stock is fixed at \$10,000,000 in \$100 shares, which may be increased by a two-thirds vote, to not exceeding \$25,000,000.

Damaging Floods in California.

Special to the Journal.

SAN FRANCISCO, May 27.—The Chronicle's Fresno special says. San Joaquin and Kings rivers are higher than ever before. About Elkhorn many thousands of acres are inundated. A large area near Reedley is also flooded. Several hundred acres of the finest wheat land of Laguna de Tache giant are under water, and what promised to be a splendid yield to the acre will not pay for harvesting. Below Hamptonville, the San Joaquin has broken its banks and hundreds of acres are covered with water. Bridges on both rivers have been washed away. Both streams are rising rapidly and a few warm days will cause disastrous floods. At Firebaugh the banks are in danger and should they break the entire country will be flooded. The snow in the mountains has only commenced to melt.

Senate.

Special to the Journal.

WASHINGTON, May 27.—The Senate resumed consideration of the Imported Liquor bill, the question being on the substitute reported yesterday from the Judiciary Committee. Coke argued against the constitutional right of Congress to delegate its delegates' powers back to the States. George supported the bill and Eustis opposed it.

The Vice President announced the appointment of Blackburn as a member of the Committee on Appropriations, and Carlisle as a member of the Committee on Finance, Territories and Woman Suffrage. The conference report on the bill to simplify the law in relation to the collection of revenue was presented, and agreed to.

The Senate went into executive session and adjourned.

The First Census Results.

Special to the Journal.

WASHINGTON, May 27.—The Census Office to-day made public the first results of the 118th census in relation to State and local finance. Reports show principal of State debts, at the present time, \$228,679,817. Net decrease during last ten years, \$54,459,484. Total bonded debt of the United States, \$719,174,570; decrease, \$990,814,530. Total bonded debt in 2,899 counties in the United States and Territories, \$145,693,840, giving an increase during the last ten years of \$24,454,756.

The Potts Must Hang.

Special to the Journal.

CARSON, Nev., May 27.—The fate of the Potts family, who killed one, Fawcett, on the first day of January, 1888, has been decided at last. The Board of Pardons to-day and decided that the sentence could not be recalled and the pair must hang on the 20th of June, 1890. The body of Fawcett was literally cut to pieces and otherwise horribly mutilated. The whole thing was done at the suggestion of Mrs. Potts with Potts as a tool.

Wheat Crops Flooded.

Special to the Journal.

GOSHEN, Cal., May 27.—Owing to the rise in the neighboring streams over 1,000 acres of wheat within three miles of Goshen are overflowed and will be a total loss. Travel on the wagon roads is suspended. The water is up to the track on the Visalia railroad.

AN EAR BLOWN OFF.

Charles Earle's Experience in an Nitro-Glycerine Explosion.

Special to the Journal.

NEW YORK, May 27.—At 10 o'clock yesterday morning one of the small buildings of the Explosive Nitro-Glycerine Works at Baychester, on the Long Island Sound, was blown to atoms by the explosion of nitro-glycerine in process of manufacture. The works are situated about one-half mile from the Dittmar Dynamite Works at Baychester, where so many explosions have taken place with loss of life. The nitro-glycerine works consist of a half dozen one-story structures, painted black and give employment to a dozen men.

Just before the explosion Charles Earle, the only workman in the building, noticed that the thermometer used to register the degree of heat when the nitric acid is mixed with the glycerine, indicated the danger point. He hurried out, ran 200 yards away and threw himself on the ground. That saved his life, as the force of the explosion which occurred a moment later was such that it shook the earth for miles away. The only injury Earle received was the loss of a portion of his ear.

The loss to the company is said to be \$500. It was the first explosion that had ever occurred at the works. The amount of the explosive material destroyed was less than 100 pounds, and instead of making a hole in the ground, as is the case with dynamite explosions, the force of the explosive was expended upward and in the air. The accident will not interfere with work at the manufacture.

Shamming Illness Did Not Save Him.

Special to the Journal.

KINGSTON, N. Y., May 27.—"He was shamming," said the physicians who examined Frank Rose, the masked burglar, when he sent word from his home that he was too ill to go to court and be tried.

So his excuse was unavailing: he was tried and convicted, and to-day he was sentenced to serve ten years and nine months at hard labor in Clinton State Prison.

Rose and another masked man, still uncaught, compelled Hector Osterburst and Edward Jagger, employees of Jeremiah Dimmick at Ripton, to accompany them to Dimmick's store in 1887, holding pistols to their heads. The safe was robbed and the two employees were left bound and gagged in the store, the robbers locking the doors as they left.

Rose was given a sentence of ten years in 1887, but got a new trial.

A Fast Mail Between New Orleans and Chicago.

Special to the Journal.

NEW ORLEANS, May 27.—A new mail service between this city and Chicago, organized by J. Rounse Bell, General Superintendent of the Railway Mail Service and the Illinois Central Railroad, went into effect to-day. The running time will not exceed thirty hours. The fast mail will leave Chicago early in the morning, so as to provide for the daily newspapers; and at Daquin will connect with the fast mails from St. Louis and the West and Northwest. The new service will be of special importance to the commercial interests of this city as the starting time going North, which is 6 o'clock, and the connections with all the important railroads will be so close that the mails will be advanced from ten to twenty-four hours throughout a large extent of country.

Magnificent Display of Jewels.

Special to the Journal.

BERLIN, May 27.—The exhibition of jewelry, which is now being held at the Kunsgewerbe Museum, is attracting visitors from all parts of Europe. Prominent among the exhibits are some magnificent sets of ornaments lent by the Empress William, who has received them as presents from the Empress Frederick, the Emperor and the King of Italy. The most admired among them is the necklace presented by the Empress Frederick, which consists of a chain of double chrysanthemum blossoms in gold, the center of each flower being a very fine small pearl. The exhibition will close next Saturday.

A Chinese Smuggler Captured.

Special to the Journal.

TACX, N. Y., May 27.—Five Chinamen are detained at Mahone for violating the Exclusion law in crossing the Canadian frontier into this State. The prisoners admitted that they came from Montreal. Two Americans came with them, one was arrested and it is believed he is one of the gang that has contract to smuggle into the United States 200 Chinamen. The other American escaped. The Chinamen will be sent back.

Mysterious Disappearance

Special to the Journal.

SACRAMENTO, May 27.—Wm. B. Bragg, nephew of the General of Confederate fame, came to this Coast from Mobile, Alabama, some time in April. He put up at the West Hotel here and seemed to be in search of employment. On May 7th the young man disappeared and has not been seen since. He left three or four valises at the hotel. His acquaintances are anxious about him.

A Project Which Should Succeed.

Special to the Journal.

LONDON, May 27.—The Duchess of Albany presided over a drawing-room meeting to-day for the purpose of developing a new scheme for the education of women in personal and domestic hygiene. The project, which is under the management of the National Health Society, is endorsed by the Earl of Meath and Sir. Douglas Galton, who were present and made short speeches.

A Complete Vindication.

Special to the Journal.

ROCHESTER, May 27.—After being out the better part of two days the jury in the action brought in the United States Court against Superintendent of Police Willard, of Troy, indicted for interfering with a voter in the general election of 1888, brought in a verdict of not guilty. The Troy people are greatly elated over their victory, and as a majority of the jury were Republicans, while Superintendent Willard is a Democrat, the vindication is as complete as could well be. The other similar charges against Willard will be dropped.

Hanging is too Good.

Special to the Journal.

NEWMAN, Cal., May 27.—A tramp entered the house of a Mrs. Hall, about nine miles from here yesterday, bound the lady with cords and outraged her. Her husband returned later and found her in a greatly exhausted condition. He informed the neighbors of the affair and the country is now being searched for the tramp. It caught it is believed lynching will follow.

The Cartridge Was Too Strong.

Special to the Journal.

SYRACUSE, N. Y., May 27.—The third test of Justin's dynamite cartridge was to be made at Perryville this afternoon. At the first discharge the cannon was burst to pieces. No one was injured, but the crowd was badly frightened. It is claimed that there was a flaw in the cannon, which was a relic of the late civil war.

Sunday School Work.

Special to the Journal.

BOSTON, May 27.—Reports read at the annual meeting of the Congregational Sunday School and Publication Society to-day showed that during the year 591 new Sunday Schools were organized. S. B. Capen, of Boston, was elected President.

Smothered to Death.

Special to the Journal.

PETALUMA, Cal., May 27.—Edmond Sharon, aged thirty-six years, a resident of Blucher Valley, in this county, yesterday afternoon had a fit and fell into a mud hole, face downward, smothering to death.

There is Hope Yet.

Special to the Journal.

WASHINGTON, May 27.—Representative Flower, of New York, introduced in the House to-day a joint resolution for an appropriation of \$250,000 to complete the Grant Monument.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofulous neck from the time she was 23 months old. All she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLISLE, Nauright, N. J. N. B. Be sure to get only Hood's Sarsaparilla Sold by all druggists, \$1.50 per bottle. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

The improvement of the Truckee River.

The annex explains itself:

HOUSE OF REPRESENTATIVES, U. S.,
WASHINGTON, D. C., May 22, 1890.

Hon. O. C. Powning, Reno, Nev.:

My Dear Sir:—In reply to your letter concerning the Truckee river, I am sorry to have to say that nothing can be done for its improvement at this session (if at all) through the intervention of Congress. I have conferred with General Henderson, of Illinois, chairman of the Committee on Rivers and Harbors, and he assures me that there is not an appropriation in the bill for the improvement of a non-navigable stream; and further, that the committee could not support an amendment for the improvement of any river without the report of an engineer, after official survey. The General would be very glad to favor us in this matter, but under the circumstances it is impossible. The departure, he says, would be so radical that he never could either defend or carry the measure through the House. Of course, a favorable report from a U. S. Surveyor, if such can be obtained, will give us a fighting chance at the next session. Very truly yours
H. F. BARTINE.

Local Retail Trade.

A large amount of dry goods, boots, shoes and other articles are daily included in the contents of the canvas bags received at the local postoffice. These packages are from every point in the United States, and are presumably sent to fill orders to whom they are addressed. No one questions the right of any person to purchase his supplies in any market in the world, but common sense should teach them that by sending abroad for goods that can be purchased at home, they materially injure the business prosperity of the community in which they reside—where every description of goods can be purchased as cheaply and of as good quality as in any retail market in the world.

The Senior Class on the Comstock.

The Senior Class of the Reno High School left for Virginia City yesterday morning in one of Hymers' four-in-hand turnout via the Gieger Grade. Several young ladies were included in the visiting party, conveyed by Professor Ring, Principal of the Reno public schools. The class visited the mines and the local public schools and returned home last evening having had a very pleasant visit with our neighbors under the shadow of Mt. Davidson.

A Debutante.
Mlle. Rhea, the actress, has done more than most any other star on the professional stage to encourage young American debutantes. Her last act of kindness has been extended to Miss Lillian Borton, daughter of Brigadier-General Borton of our town, to whom she has given a position in her company for this season. Miss Lillian made her debut on the professional stage with Mlle. Rhea's excellent company at the Baldwin Theater, San Francisco, on the evening of May 23d, as Marie Louise in "Josephine." The press of San Francisco speak of the young lady's debut as a successful one, and considering the fact that Miss Borton had only two days in which to learn her part and prepare the costuming of the same, with no rehearsal with the company, the Journal bespeaks for her a brilliant future on the stage. The young lady's talent and beauty has made such an impression with Mlle. Rhea that she has entrusted the leading part in her new play, which will be produced week after next, to this fair young debutante. Her many Reno friends wish her all the success and honors possible in her chosen profession, and may she shine as one of the brightest stars on the theatrical stage.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-awf-y

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$100,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

RENO!

The Loveliest Town!

The Cleanest Town.

The Wealthiest Town!

The Healthiest Town!

RENO

Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE OF Nevada, in and for the county of Washoe. The State of Nevada sends to M. Raphael Sherris, You are hereby required to appear in an action commenced against you as defendant by Chas. Kaiser, as plaintiff in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county or twenty days if served out of said county, but within said District, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a decree and judgment against you for foreclosing certain mortgage made and executed by you in favor of said Chas. Kaiser and dated at Washoe, Washoe County, Nevada, September 3, 1888, said mortgage being upon that certain real estate situated in said county and described as follows: to wit, lots 11, 12, 13 and 14 in Block 2, in the new town-site of the town of Washoe, being 50 feet fronting the depot and running back 180 feet, together with the two buildings thereon. Said mortgage was made by you to secure the payment of our certain promissory note made, executed and delivered by you to plaintiff of even date with said mortgage for the sum of \$1,000, due two years after date with interest at 1 per cent per month till paid, all of which will more fully appear from complaint which is on file in the office of the said Court at Reno, in said county, and to which you are especially referred. And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded. In testimony whereof, I have hereunto set my hand, this 17th day of April, A. D. 1890.

B. H. LINDSAY, Attorney for plaintiff
